

# HOPE CONNECTION

February 2015

Volume XXVII Issue II

## *The Feeling of No Hope*

This story is a hypothetical story of the feeling of no hope due to an unplanned pregnancy. It is fictional, and not based on any true story or people.

She was 19 and he was 17. The only reason she dated him was because there was no father figure in her home, and she felt abandoned and unloved by her mother.

This young man told her she was beautiful and that she was wanted. He was into drugs, but that didn't seem to matter at the time. So, this girl who did not even love herself, and didn't know what true love was (which is Jesus Christ) gave herself to her boyfriend.

Fast forward a few months, the girl panics thinking that she might be pregnant. She takes an at home pregnancy test and it is positive.

So, as the reader of this story, you can imagine this young lady has the feeling of no hope. She might possibly think that the only way out of this situation is to terminate the pregnancy. We would want this girl to realize that all children are a blessing and a gift from God.

The desire of the staff and volunteers at the Pregnancy Center is to show the love of Jesus Christ to people who believe there is no hope for their situation. The Pregnancy Center is here to help mentor people, to encourage them, and give them life affirming options.

We are blessed to be a part of the community, and to be able to be a beacon for Christ. ☺

**\*\* Health Fair Table \*\***

The Pregnancy Center was blessed to participate in the Health Fair on January 24<sup>th</sup>. We had an ongoing video of Life in the Womb, Sanctity of Life flyers, and a realistic display of the different stages of baby development in the womb. We were grateful to have the opportunity to share what the center offers the community.

*Thank you for believing in the Sanctity of Life!*
